SPA MONTAGNES DU MONDE® EXCLUSIVE SPA IN MGM HOTELS & RESIDENCES...

Zen and weightlessness... welcome to the Spa Montagnes du Monde® by MGM Hotels & Residences. Sophisticated rituals, comforting wraps, invigorating scrubs, solo or duo, each wellness session is synonymous with plenitude. Let yourself be enchanted...

Established in the French Alps, in the heart of the most dynamic destinations and ski resorts, tourism residences and hotels MGM are all classified 4 and 5 stars and provide a signature Spa : Spa Montagnes du Monde®. Open to our residential guests as well as visitors, each space is designed with attention to details, in order to contribute well-being and relaxation to anyone who open its doors...

Authentic spaces

“Always in the pursuit of excellence, we are continuing to develop the Spa Montagnes du Monde®. The signature wellness facility of our establishments, these spas are a promise of relaxation that is essential for our customers, whether in a tourist residence or hotel” explains Muriel Ambrosino, sales & operations director MGM Hotels & Residences.

“From the high quality of cosmetic products produced from Pure Altitude® mountain plants, to massage techniques and treatments that correlate with the seasons and the needs of each guest, our spas are just like the rest of our establishments: authentic spaces of relaxation.”

Made in the French Alps

“The atmosphere of the Spa Montagnes du Monde® is unique. It is a cocoon of excellence in the heart of the mountains”, says Anaïs Torre Filliard, Spa Manager in Alexane Hotel & Residence (Samoëns).

“Developed in Megève using mountain plants, Pure Altitude® products possess qualities and virtues that meet the needs of each individual. The MGM signature ‘total relaxation’ massage is one of the most popular: it targets the trapezius muscle, the scalp and the face for an instant soothing effect. The bonus of the Spa Montagnes du Monde®? They are for everyone, even for children from the age of 8, accompanied by a parent!”

EXCLUSIVE : HIMALAYAN SALT WALL

Recognised for its relaxing and regenerating virtues, salt from the mountains of the Himalayas promotes relaxation and reduces stress. Comfortably ensconced on a heated chair, we take full advantage of the benefits of this wall with its exceptional virtues, using chromotherapy in particular.
